We are currently working on putting a commercial kitchen in the Esther House. After we finish this we will begin installing our sprinkler system. We would like to thank all of those who have donated in order to provide the funds to make this happen. We have a long way to go but we know with God all things are possible. Without your giving we would not be able to continue helping these women. Thank You and God Bless You!

My name is Kelley Michelle Morris/Tounsley. I'm 42 years old and I'm the oldest of five children. I grew up being abused in many ways. When I reached the age of 16 I turned to drugs and alcohol. At the age of 39 in 2011 I came to Project New Start. This is where my new life began. I received Christ and a different view on life. Still on June 22, 2014 I am serving the Lord. He has blessed me with a husband, a car, a job, and we are buying our house. Thank you Jesus for what you do for me.

I am a single mom of 3. I grew up in a good home and was raised in church, but even though I knew better, I strayed away and for twenty years I let meth control my life. I wasn't a good mom, friend, or anything else. I wouldn't keep a job and my mom paid all of my bills. She enabled me without even knowing she was. I ended up in jail and DHS took my kids. I knew there was no way I could get out and stay clean. Getting high had taken everything that was important to me. I want to praise God for taking this junkie, cleaning me up and showing me how to be that Godly mother he always wanted me to be. Relationships with my family have been restored, I have a job, and I can finally be that mother that my kids can look up to. I've learned that the best thing you can do is to keep going and don't be afraid to get back up. Don't let a hard lesson harden your heart, there will be times when it seems everything that could possibly go wrong is going wrong. Always remember that sometimes you have to go through the worst to arrive at your best. Crystal Wiggins

When I came to Project New Start I was a broken mess, depressed, addicted to drugs and in a dark place but I gave my life to God and I have been delivered from depression and drug addiction. I worked the program and graduated in February 2014 and now God is restoring the relationships that I destroyed in the past with my family and children. I know God's not done with me yet and he's still working on me but thank God I'm not the person I was. It's a great feeling waking up everyday not chasing a fix and waking up not being depressed. I know the Holy Spirit lives inside of me now and I have peace with myself and I give all glory to God. I've been clean for ten months now and I have a job and my children are starting to forgive me because they see the change in me. I have a long road ahead of me due to all of the bad seeds I planted when I was in my addiction. I live for the Lord now and I have faith that God is going to help me overcome any storm that the devil puts in my path because I'm not going back to that old life anymore. I've been set free from that bondage. Daniel Harris

All my life my father struggled with the bondage of meth and it destroyed our family. He tried his best to keep me away from that demon and I did until I was 19. I found out I was pregnant in June last year and I had no intentions of ending my addiction or keeping my baby and that destroyed everything. My daughters father Adam and I split up because I'd planned to have an abortion. I started getting excited about having a baby, but that demon of mine was stronger. We had gotten in trouble and gotten out of it before but this time was different. Our PO came for a random house visit and we failed a drug test. We were arrested, taken to jail, and sentenced to rehab for a year. I had only done meth for 6 months and it had already made me a junkie and destroyed my life. In November I came here broken. My PO told me I wouldn't get to keep my baby and that Adam and I were to have no contact for the whole year. I've been here 7 months now. I had my beautiful, healthy baby named Arianna Alena which means “Holy Light” and she is here with me. She's 4 months old now. After five months of no contact, Adam was restored to me and my father has been clean the whole time I've been here. I have a happiness and strength I never had and I have become a great mother. God has restored everything to me and delivered me from all my weaknesses. God has gave me a new life!

Aftyn Anderson

The children call me Ms. Holly and I'm the administrator of New Life Children's Home. I have been the administrator out here for almost two years now. I came from DCFS as a Child Abuse Investigator Supervisor over child abuse where I worked for 12 years. I was doing Child Abuse investigations for many years and I witnessed children being abused and neglected. I felt the pain and hurt of the children when I looked into their eyes. God gave me the opportunity to come to New Life Children's Home and help the children who have been abused and neglected. It has been very rewarding to look into the eyes that were once hurt and broken and to see the light shine again. This is why I do what I do. I love the children, show them the meaning of God and help provide them a place of peace for a while. God Bless My Children at New Life Children's Home.

Hi, my name is Savannah. Before I came to NLCH I had nothing. I didn't believe in God, I didn't have the food I needed, and wasn't loved like I needed to be. I guess you can say I didn't have a stable life. My brother, sister, and I got put in NLCH and then everything changed. I got into God and put my nose in the Bible. I stay out of trouble and God has blessed me in so many ways. I plan on going to college and also I want to become an animal trainer. I now have my future planned out thanks to God and NLCH. We now get the food we need, the clothes we want, the love that children need, and amazing people who care about us. I got blessed with the most amazing house parents. I could never ask for better house parents or staff members for me and my siblings. Also I have the most amazing friends. All thanks to God. Savannah 14 yrs.

My name is Martha and before I came to the Children's Home I never went to school or listened to my parents. I always wanted everything my way and never cared about anyone other than myself. October 1, 2013 I was sent to NLCH. My probation officer brought me here and told me that I'd be here until I straightened up. When I got here I was really nervous and scared because I'd never been away from my friends or family. Time started to go by and my grades came up to A's and B's, and I was making new friends and they liked me for me, and that's when I started to be myself. I realized everyone liked the new me. No one has gave me a hard time here unless I did something wrong. I started to realize how much I had in front of me that I always used to push away. I now have another family that loves me. My house parents have done so much for me and have tried so hard to make this place feel like home for us. Ms. Holly and Ms. Lisa keep all of us in line to make sure we do what is right and follow God. I want to thank everyone for being there when I needed someone to talk to. They have all had an amazing impact on my life and I'm so glad I was sent to NLCH. Martha 12 yrs.

Before I came to the Children's Home I lived with anybody and everybody.

Money to buy food and to pay bills were more important to me than school so I was failing. I was depressed and did not want to deal with life so I masked it up by doing drugs and drinking. I did what I wanted when I wanted. When I found out I was coming here I was packed and ready to go, anywhere but there that was, but for some reason I felt like I should go. I was definitely mad though. God has helped me change so much. I'm making A's and B's and now I want to go to college. I've been sober for 6 months and God means more to me than anyone. I haven't thought about hurting myself or anyone anymore. I'm so much happier with God in my life. Taylor 16 yrs.

**I'm Christian Tims. I'm eleven and have been here 3 and half years so far. Before I was in a little white house in Tuckerman and very poor. I have 2 brothers and a sister here also. New Life Children's Home is a home where a child can come and have a new life like me. Christian Tims 11 yrs.**
